

## Curriculum vitæ

**Visnja Zugic** is a PhD student, an Architect and a Teaching Assistant in Art applied to Architecture, Technique and Design at the University of Novi Sad, Serbia, involved the course lines of Architectural Design, Ephemeral Architecture and Scene Architecture. She is a member of SCEN (Centre for Scene Design, Architecture and Technology), OISTAT Centre Serbia. She is a co-founder of Ephemera Collective, a group of *spatial designers* who work with the vast and diverse pallet of methodologies and strategies borrowed from the other disciplines, aiming towards the profound understanding and the production of space.

She is actively engaged, both as a participant and a mentor, in numerous projects and workshops dealing with relations between body and space, ephemeral architecture, and performativity of architecture, which refer to her main interests.
