

SHORT CV

Ana **MOREIRA**

Architect since 2004 and researcher from Lisbon, Portugal. Phd in Architecture in 2022 from the Lisbon School of Architecture (FAUL); Master's degree in 2013 (FAUL).

Assistant Professor in 2022/2023 (FAUL) and part of LabiArq research group.

Develops research on housing, namely the analysis of housing programs and layouts, and their adequacy to contemporary society and its modes of living, bearing in mind user satisfaction and inhabitants' feedback, but also addresses topics related to the evolution of living modes and the transformation of domestic spaces. Participated in international conferences and has been published as an author a few times.
