

## SHORT CV

Luis Filipe Cunha Leitão **JORGE** is an architect by Lisbon Universidade Lusíada. Has a master's degree in Architecture by Lisbon School of Architecture, University of Lisbon, Portugal. Currently is a PhD candidate in Architecture, specializing in Theory and Practice of Design at the same university. Since 2005, he has worked independently as an architect in the area of project and building rehabilitation, which he combines with research on the history and theory of Portuguese architecture from the first half of the 20th century.
