SHORT CV - João CARMO

Graduated my Master's in Architecture in FAUL by 2020. The same month I defended my theoretical thesis, I engaged in a pos-graduation studies in Art Curatorship in NOVA-FCSH.

In November of last year, had the chance to start lecturing Art History in Nacional Dance Academy (highschool tier).

At the moment, I am in my first year of doctorate studies back in FAUL with a project that conjugates landscape, archeology and museology.
