SHORT CV - Irina SEITS

Irina Seits is a project researcher at the department of Aesthetics, Södertörn University. She gained her PhD in aesthetics from Södertörn in 2018 with the thesis “Architectures of Life Building in the Twentieth Century: Russia, Germany, Sweden.” Irina Seits has MA degrees in History of Fine Arts from St. Petersburg State University (2006) and European University in St. Petersburg (2008). Her interests include the architectural and urban theory of modernism, cultural heritage preservation, and the aesthetics of the everyday.
